

**HAVENHOMES**

April 16, 2007

To the Just Digital crew:

I just wanted to say thank you to your crew for a job well done! We have been using your services for over a year now and let me tell you, your group is the Best! Your service is quick and my problems are always solved when we call.

We have the KIP Starprint 6000 machine to do all of our scanning and copying. With your continued preventive maintenance program, we seldom have problems.

A special thanks to Lucille, Kid, and Sal for your help when I need you.

Sincerely,

Mike English, mgr.of engineering
